

## Design Inspiration for the New Edible Garden

### ADD HEIGHT

- Livestock panel from Farm & Fleet with U-posts and zip ties/wire
- Birch teepee
- Obelisks and Tuteurs
- Good choices for growing up: Peas, Beans, Cucumbers, Winter Squash, Tomatoes, Tomatillos, Flowering Vines
- Search for ideas on Pinterest. Check out my boards at [pinterest.com/createveggies/](https://pinterest.com/createveggies/)

### ADD FLOWERS

- Plant bulbs
- Mix annuals in with your vegetables: Lady in Red Salvia, Strawberry Fields Gomphrena, Prairie Sun Rudbeckia, Verbena Bonariensis, Zinnias.
- Lots more variety recommendations in my book, *Smart Start Garden Planner*.

### GROW UNIQUE & COLORFUL VARIETIES

- Lively Yellow Pepper, Purple Ruffles Basil, Trilogy Beans, Golden Sweet Peas, Deep Purple Carrot, Green Zebra Tomato, Moonglow Tomato, Dancer Eggplant
- Seed companies: Johnny's Selected Seeds, High Mowing Seeds, Seed Savers Exchange
